
Vin Diesel Wheelman Save Games Download !!HOT!!

Vin Diesel would get up a couple of hours early and drive his character around town by a bunch of himself, while wearing sunglasses, and constantly talking to the audience. Unfortunately when we played the game we did not have headphones on. We had to sit and listen to his monotonous voice chattering as he would say things like, Why is everyone trying to stay in the city? Overall Vin Diesel's legendary voice is a little too irritating. Given the great plot, voice acting, cutscenes and gameplay, Vin Diesel's overacting is both frustrating and disappointing. Of course, if you're Vin Diesel's biggest fan then you may just like everything about Wheelman.
